

Information for Applying For or Renewing Your Membership For The 2020-2021 Membership Cycle

Thank you for your interest in a National Catholic College Admission Association membership for the 2020-2021 year. We are glad to see you are planning on joining us for our upcoming membership cycle.

In May, we announced that we would be extending the 2019-2020 membership cycle for two months at no additional charge to our National CCAA members.

The new membership cycle will begin on September 1, 2020. Please be on the lookout for communication about renewing your National CCAA membership for the 2020-2021 cycle in early August.

If you are interested in renewing your college or university's membership earlier, please contact [Joyce Masek](#), National CCAA Executive Director or [Kate Deye](#), Administrative Assistant.

Our National CCAA Board of Directors is hard at work preparing some exciting new membership features and benefits for the upcoming 2020-2021 membership cycle and will begin communicating them with you in early August along with the membership renewal information.

We look forward to another great year working with you and your institution in 2020-2021.
